**I. Internship**  
**Course Title**

**II. Course Objectives**

A. General Outcomes

Students who complete this program will:

1. Demonstrate skills required for the workforce.

**B. Student Learning Outcomes**

Upon completion of this program, the student will be able to:

1. Demonstrate proper skills required for the workforce
  - a. Demonstrate proper employee's behavior and work habits
  - b. Perform certain required tasks

**III. Course Content**

Students will be provided with skills required in the workforce.

1. Behavior/work habits
2. Task Application

**IV. Methods of Instruction**

The student will perform assigned construction work under the supervision and training of the designated site supervisor.

**V. Equipment and Materials**

Will be provided by the site supervisor where applicable.

**VI. Suggested Methods of Evaluation**

Internship coordinator will monitor the training with no less than two site visits per semester. Evaluation of the student and the program itself will be performed and documented at the end of the training.

Letter grades will be assigned per CMI Grading System.
